John T. Unger's Fire  
Bowls were the very  
first artist-created  
decorative fire pits to  
be made from recycled  
propane tanks and are a  
gorgeous enhancement  
to any space providing  
glowing light and  
warmth.

## Jennifer Fong's Pick

New Ravenna's Python is a hand-cut glass mosaic that is a bold alternative to wallcovering. New Ravenna will customize to any color palette, allowing for one of a kind "art pieces". The utilization of this striking product creates the daring spaces that our clients are wanting in their homes!

I like the Sparks Fire fireplace appliances, in particular, Ribbon and Linear Burner Systems because they are so flexible in producing magnet gathering spaces with other services usually related to these spaces. Fireplaces are the urban alternative to bonfires! Spark Fire Ribbon is a self-contained build around appliance with generous safety allowances yet still protected.

The Alfresco Pizza oven is my favorite novelty! Pizza Plus is an exciting new outdoor pizza and culinary oven! You bake amazing pizzas but also Naan bread, French bread, croissants, roast chicken, bake amazing pot roasts and an infinite selection of recipes it is the ultimate in outdoor cooking and a show stopper!

## Johanne Vincent's Pick

From backsplashes to bathroom walls and framed pieces, any image you can imagine can be create with custom mosaic tile. Fabrication by Hakatai. Barracuda design by K2 Design. Project Location: Trump Tower, Hollywood Florida.

Christofle's MOOD turns the concept of a flatware holder on it's head. With the lid closed, the Christofle egg, which comes in silver or 24-karat gold plate, is an elegant piece of functional art and a conversation starter.

Platinum is a highly efficient range hood that can be easily mistaken for a pendant light fixture. Make a statement over your kitchen island without obstructing your view. With only a whisper of a sound, the Platinum can also be used as an air cleanser in a billiard room or den.
